MANCINI
PASTIFICIO
AGRICOLO

IF&B MALAYSIA is proud to present Mancini Pasta.

Mancini pasta is crafted from 100% Italian durum wheat, grown, milled, and made into pasta directly in their own fields.

This farm-to-table approach ensures that each piece of pasta embodies the essence of Italian craftsmanship and flavour.

Mancini Pasta is shaped through bronze dies, giving it a distinctive rough texture that captures and holds sauces. It's then slow-dried at low temperatures to preserve the wheat's natural richness.

Whether you're preparing a simple, rustic dish or a complex gourmet meal, Mancini Pasta offers the perfect base. Explore our range and experience the difference that true dedication to quality makes.
